THE BISHOP'S APPEAL

One Hundred and Seventy-Eight Pastors and Forty Delegates Assembled at the Opening.

After a stirring address at the opening of the one hundred and thirty second conference of the Baltimore Conference of the Methodist Episcopal Church South at the Washington Street Southern Methodist Church this morning by Bishop Edwin D. Mouzon, of Texas, president of the the conference, the business of the conference was rapidly gotten under way.

Bishop Mouzon made a strong appeal for the pastors to consecrate themselves to God and to devote their lives to the service of Jesus without considering too greatly the needs of today and the plaudits of the world.

At the conclusion of the bishop's address the Rev. H. M. Canter, presiding elder of the Washington District, the secretary of last year's conference, called the roll which was answered by 140 clerical and 17 lay delegates. The Rev. Dr. Stonewall Anderson of Nashville, Tenn., secretary of the Board of Education, made a strong plea for the schools and colleges under the jurisdiction of the church He said that the present question for the church was not the furnishing of agencies but the determining of the kind of education the boys and girls are to receive. He said that more religious instruction should be given to the children of the primary grades and of the high school.

Announcement was made that the meeting of the Epworth League Board will be held tonight at 7:30 o'clock in the Southern Methodist Church. The Sunday School Board will meet tomorrow night at 7.30 o'clock, in the Southern Methodist Church; the alumni banquet of the graduates of the Randolph Macon College will take place in the Young People's Building on Friday, at 5 p. m., and the Board of Missions will meet on Friday night, in the Southern Methodist Church at 7:30 o'clock. All of these meetings are open to the public as well as the meetings of the conference

In accordance with a custom of long standing in the conference that the annual sermon be delivered on the evening preceding the opening of the conference session yesterday evening was set aside for that event but at the last moment the Rev. Dr. J. B. Winn, pastor of Greene Memorial Church, Roanoke, who had been selected as the preacher, was taken ill and was unable to be present. Dr. Winn is the guest of Judge L. C. Barley and had been complaining during the day. He was greatly improved this morning. The Rev. Dr. Duffey, of this city, announced to the congregation that it would be a great disappointment that Dr. Winn could not appear. He said further that he had tried to get some other member of the conference to preach, but his efforts had been unavailing. He said that before him were 100 preachers, all of whom could preach, except when called upon to do so.

The Rev. H. P. Hamill, of Martinsburg, W. Va., read the Scripture session and made the opening prayer and Dr. Duffey spoke briefly on the subject of importance of conversion saying that nothing else can take the place of conversion. The remainder of the hour took the form of a song service and Methodist experience meeting in which a number of the members of the conference took part.

KAISER SAID TO BE SEEKING PEACE

Chancellor Declared to Have Intimated Same to Gerard

WASHINGTON'S DENIAL

Rehabilitation of Belgium Alleged to Be Among Concessions Berlin is Ready to Offer

New York, March 22.—The New York Evening Post publishes the following from David Lawrence, its correspondent in Washington.:

"Germany is seeking to make peace with her enemies and bring the great war in Europe to an early end.

"The Imperial Government has gone so far as to intimate to the United States Government that the time may be ripe for the services of the largest neutral nation in the beginning of peace negotiations.

"Some general idea even of the terms under which the Teutonic empire would be willing to make peace have been given within the last four days to the American Ambassador, James W. Gerard, by Dr. Von Bethmann-Hollweg, the Imperial Chancellor at Berlin and spokesman of Emperor William.

"The Evening Post's correspondent learned the above in connection with the hitherto unpublished fact that Dr. Von Bethmann-Hollweg four days ago sent for Ambassador Gerard and not only discussed with him for nearly an hour the possibilities of peace in Europe but also frankly advised the Ambassador who had contemplated a vacation, that it would be inopportune for him to leave Germany at this time.

"Mr. Gerard promptly changed his plans and notified the Washington Government that he would remain at his post indefinitely."

Germany it is said, is wiling to relinguish Belgium and to aid the country in its rehabilitation; also to restore the status quo in regard to other countries.

Washington, March 22.—The State Department late yesterday took cognizance of a published report that Germany had intimated to the United States that the time was ripe for the American Government, as the largest netural nation, to begin peace negotiations, and that Chancellor Bethmann-Hollweg had intimated to Ambassador Gerard that his proposed vacation was in-opportune by authorizing a flat denial of the story.

Department officials declared they had no advices whatever to warrant such statements.

BRAZIL WILL BE NEUTRAL

Unlikely That Country Will Follow Portugal's Example

Berlin, March 22—"We Brazilians have the same language as the Portuguese, but we do not consider ourselves sons of Portugal." said Baron Oscar de Teffe, the Brazilian Minister o Germany, in an interview with the Zeitung am Mittag.

"We are exclusively Brazilians," the Minister is quoted as having said, "and are led only by our own interests. We are Brazilians and only Brazilians.

"The Brazilian government will not take any measures which would violate the strict neutrality which is being observed by her. My government is perfectly informed concerning the German situation."

The Minister also is reported to have said that the recent reports that it was the Brazilian government's intention to follow Portugal's example and seize German interned ships must be accepted with the utmost reserve.

The President of Brazil, Dr. Braz Pereira Gomes, is a man of strong personality and of calm demeanor and never treats passionately or precipitately any political question, and further would act only according to Brazil's interests.

The president, the Minister added had ordered and maintained since the beginning of the war the strictest neutrality, and even had insisted upon the retirement of one of his secretaries who had taken part in war material transactions.

SMALL PAY AND FEW MEN

Morals Welfare Commissioner Gets Flood of Applications for Positions on Prohibition Law Enforcement

Richmond, March 22.—Prohibition Commisioner Peters will not assume duties of his office till September 1st. and the law is not effective till November 1st , but he has already several hundred more applications and "endorsed" persons for positions that will be required. Every mail brings in new applications. It is declared that there will be not more than eight persons in the department when it gets into full swing, and that there will be no fancy salaries for those chosen for the work.

Dr. Peters says he will have to employ a stenographer, one cashier and bookkeeper, two of the employes will be attorneys and there will be not less than three secret service men.

These latter will never be announced to the public, and they will never be seen around the office of the commissioner. They will work in all parts of the State.

Dr. Peters says that the local officers will be relied on to do much of the work of enforcing the law. That is the contemplation of the law He will render assistance whenever there is need, but the men who are familiar with conditions in each locality will have to uphold the majesty of the law. He will be in a position to do much for the local officers, and he will also have to see that the local officers attend to their duties.

The appropriation for the department is only $25,000 a year, and out of this every expense must be met—salaries, traveling expenses, rent and all else.

"The impression seems to have gotten abroad that we would have an officer in every county and city in the State," said Dr. Peters, "Such is not and will not be the case. The men who are named for the work will have to hustle, they will have to go night and day I am hoping that the officers will attend to their duties, for there will be much to engage the attention of the headquarters' force."

Dr. Peters will make up his list of employes at an early date, possibly in the next few weeks, but he will not announce them for some time. He will make the selections so that he will have that task behind him and can proceed with the work of mapping out his plans for the enforcement of the law.

IF WE SHOULD GO TO WAR

Effect it Would Have Upon The Country in General

(New York Journal of Commerce)

In event of war between the United States and Germany many things could happen. Outside of military and naval activities the effects upon the United States would be chiefly these:

A second general readjustment of business affairs to a new situation, less violent than in 1914.

Some temporary derangement in the security markets.

Extensive bond issues which would tend to lessen foreign borrowings on this side.

A larger home demand for war munitions which would probably interfere with foreign orders.

Stricter efforts to check the large American exports to Germany, now filtering through Holland, Denmark and Sweden.

Imports would be slightly affected, unless Germany secured control of the sea.

The German ships now interned in this country might be commandeered as transports or to relieve the freight situation.

Some lines of industry would be stimulated by our entering war, and few would be injured more than they are by present uncertainties.

Taking the situation at large, war with Germany could not be a very serious matter to the United States, and if it hastened peace would be distinctly beneficial.

To to Allies it would mean less financial and industrial aid from this country, but considerable naval and military co-operation.

GERMANS AT BAY UNDER SHELL FIRE

Allies Assert Offensive at Verdun Brought to a Close

LOSSES REACH 200,000

Allied Conference at Paris Believes Disaster to Teutons Greatest Since Marne Defeat

Paris, March 22—The third and probably the last phase of the Verdun battle has ended, according to dispatches received here today.

The German successes in Avocourt wood were of minor importance. French military men declare, constituting only an admission of German failure elsewhere.

It is not believed the Germans will renew their heavy assaults on the northern front of Verdun, at least not soon.

Thus a great German drive, precipitated early in the year by the phenomenal spring-like weather, has ended in what the French believe is the biggest German disaster since the defeat at the Marne.

Nearly 200,000 specially trained young German trench stormers have been either killed or put out of commission by wounds in the four weeks of the Verdun offensive. These troops cannot be quickly replaced. It is easier, therefore, to talk about using the interlude to mass fresh forces than it is to carry out the performance.

Allied officers arriving here for the military and political conference are all smiles. They are confident that the allies now hold the whip hand.

Berlin, March 22.—French positions northeast of Avocourt were captured by the Germans, who took 2,500 prisoners, the War Office announced yesterday.

The text of today's official statement is as follows:

"Western theatre:

"West of the Meuse Bavarian regiments and battalions of Württemberg Landwehr, after careful preparation, stormed the entire strongly fortified French positions in and near the forest northeast of Avocourt. In addition to considerable sanguinary losses, the enemy has thus far incurred two in command of regiments, and more than 2,500 men in unwounded prisoners and much war material, the amount of which has not yet been ascertained.

"Counter-attacks attempted by the enemy did not bring him any advantage, but, on the contrary, inflicted further serious losses upon him.

"East of the Meuse the situation is unchanged.

"Eastern theatre:

"The Russians are extending their attacks on the uttermost northern wing, south of Riga, and on the Dvina front and west of Jacobstadt. They were repelled with sanguinary losses. Strong enemy reconnoitering detachments advancing against the German front northwest of Postavy and between Lakes Narocz and Wisniew, delivered especially strong and fruitless attacks throughout the day and night. The losses of the enemy were proportionate to the number of troops employed.

"A far protruding narrow salient of our front due south of Lake Narocz has been withdrawn a few hundred metres toward the heights of Blisnicki to avoid the enemy's encircling fire.

"Balkan theatre:

"Apart from unimportant patrol engagements on the lines of the Anglo-French front the situation is unchanged."

Paris, March 22.—A heavy German bombardment on the left bank of the Meuse is reported in the official communication issued by the War Office last night. This operation was carried out against the village of Esnes and Hill 304, which lie from one to two miles east of the Avocourt-Halancourt line. The French guns replied vigorously to the shelling and no attempt to assault with infantry was made.

The text of the statement is as follows:

"In the Argonne there has been grenade fighting at Haute Chevauchee. Our artillery shelled the German works in the neighborhood of the road between Vienne-Le-Chateau and Binarville.

"On the left bank of the Meuse the bombardment continued violently in the region of the Malacourt, on the village of Esnes and Hill 304, Counter-shelled with great energy by our artillery, the enemy made no attempt to attack, during the course of the ady.

"There was an intermittent bombardment at several points of the front east of the Meuse and in the Woevre.

"In Lorraine our artillery was active against the German organizations north and east of Embermenil.

"In Upper Alsace our artillery took under its fire enemy troops which had debouched from Neiderlarg, southeast of Seppois.

"One of our pilots today brought down a German aeroplane, which fell in flames in the region of Douaumont. Last night our aeroplanes bombarded the stations at Dun-Sur-Meuse and Audun-Le-Roman and bivouncs in the region of Vigneulles."

The Belgian communication reads:

"There has been some little artillery activity in the region of Dixmude and Pervyse; otherwise calm prevails."

FREE BOOK BILL SIGNED

Extends to Entire State Benefits of System Applied in Richmond

Richmond, March 22— Virginia's first State-wide free schoolbook act became law with the signing by Governor Stuart yesterday of House bill No. 67, introduced by Delegate Fuller, of Richmond. As a member of the City Council from Madison Ward, Mr. Fuller was the patron of the ordinance under which the city of Richmond has been supplying free textbooks to its school population for the past four years. The success of the system in Richmond led Mr. Fuller to seek for it a State-wide application.

The law contains a local option clause which allows each district or county to decide for itself whether or not it will adopt the free textbook plan. Upon the petition of 25 per cent of the electorate it is provided, an election shall be held on the question and if a majority of the voters participating approve the free-book plan the school board is required to put it into effect.

The act does not apply to school districts where the term is not at least seven months long. Once adopted by any district or county, the plan may be repealed by a majority vote of the electors.

Among the other measures signed yesterday by the Governor was the much advertised "ouster" bill, which provides machinery for the removal of any state od local official who fails to enforce any State law or local ordinance, after being duly apprized of its violation. Provision is made for the arraignment of such officer before the Corporation or Curcuit Court and, upon conviction, for his removal from office.

The bill was originally drawn to strengthen the arm of the Commissioner of Prohibition, but was amended in the final days of the legislative session so as to make it apply to all State and local officers, without regard to the particular law they are charged with enforcing.

In the hands of authorities disposed to go to the limit, the ouster law may become a drastic instrument. Section 2 authorizes a private citizen to lodge complaint against any officer for failure to perform his duty and the courts are required to investigate the charge. In communities where the sentiment is outspoken against Sunday traffic in cigars and soft drinks, this law could be resorted to by individuals to enforce a strict compliance with the Sunday closing law.

ELLYSON DENIES HE WILL RESIGN

Contradicts Report That He Is To Quit As Chairman

COMMITTEE MEETING

Virginia Democrats Will Tonight Fix Date and Pick Place For Next State Convention.

Richmond, March 22.—Lieutenant-Governor J. Taylor Ellyson last night flatly contradicted the report that when the State convention meets he will resign as chairman of the State Democratic Committee. The statement that he would do so, he said, is made wholly without warrant from him.

"It is not necessary for me to resign, because my term expires as soon as the convention is organized," said Mr. Ellyson. "It is not becoming in me to make any suggestion as to what the convention's policy shall be. I shall make no effort to influence the convention in the matter of filling the chairmanship for the new term. Whatever it does will, as in the past, be entirely satisfactory to me."

Further than this Mr. Ellyson had no comment to make on the suggestion in some quarters that his candidacy for the office of Governor will lead him to relinquish the reins of the party in the interest of a race in which each of the three avowed candidates for this high office may stand on the same footing.

The State Democratic Committee will meet at 8 o'clock tonight at Murphy's Hotel, for the purpose of selecting the city in which the convention is to be held and fixing its date. The committee will also fix the basis of representation for the election of delegates to the State convention.

The committee is composed of 50 members—five from each of the 10 congressional districts. Under the rules, three members of any one district represent a voting quorum, and are entitled to cast the full strength of five votes on any pending question In the selection of the convention city, therefore, the district deputations will be on a parity, since full attendance from some and a bare quorum attendance from others will not carry corresponding inequalities in voting strength.

The naming of the convention city will probably produce the liveliest contest of the meeting. Besides Richmond, four other cities—Roanoke, Lynchburg, Norfolk and Bristol—will make bids for the honor of being chosen.

With the committee will meet Senators Martin and Swanson. While it was expected that Congressman Flood Hay and Holland would attend, being members of the executive committee, it is believed that they will be detained in Washington to vote on the Hay bill.

OUSTER DECISION REVERSED

President Phillips of West Virginia Court, Wins on Appeal

Martinsburg, W. Va., March 22—A telegram from Charleston yesterday announced that the West Virginia Supreme Court had reversed the Morgan Circuit Court in the suit to oust John A. Phillips, president of the Morgan County Court, from office, and had remanded the case for a rehearing.

The suit against President Phillips was filed a year ago in Morgan counman had sold certain supplies to and ty, alleging that he, as a business entered into contracts with the Morgan County Court in violation of a State statute. The case was heard in the Morgan Circuit Court the decision being that President Phillips should be removed from office. An appeal was then taken to the Supreme Court which set aside the verdict.

The term of President Phillips will expire January 1 next, and it is not probable that the case will be brought to trial again before he vacates office.

DELEGATES' NARROW ESCAPE.

Room Filled with Coal Gas, Almost Asphyxiates Three.

Threeof the delegates of the Methodist Conference had a somewhat harrowing experience last night. They were awakened in their room in a boarding house on Prince street this morning to find themselves almost asphyxiated from coal gas which was pouring out of a small coal stove in the room. The men had retired and had failed to turn the drafts of the stove in the proper manner.

Dr. G. T. Klipstein was called in and gave them them treatment and they quickly recovered, although one of their number, J. W. Liggett, of Rockingham, was compelled to retire to his room during the day. The other two delegates were E. C. Eagle and E. C. Berry.

DESTROYERS IN SEA FIGHT

London and Berlin Reports Flatly Contradict Each Other

London, March 22—An engagement occurred Monday off the Belgian coast between four British and three German destroyers. Two of the German vessels were hit. Four men on the British boats were wounded.

The official account of the action is as follows:

"On Monday morning four British destroyers sighted three German destroyers off the Belgian coast. The German destroyers at once turned and ran for Zeebrugge chased by our own destroyers.

"Shots were exchanged. During this short running fight two enemy boats were observed to have been hit. Our casualties were four men wounded."

Berlin, March 22—The German Admiralty account of the battle between British destroyers and German torpedo boats off the Belgian coast is as follows:

"On March 20, off the coast of Flanders, a fight which was successful for us took place between three German torpedo boats and a division of five British destroyers.

"The enemy broke off the engagement after he had received several direct hits, and he steamed out of sight at full speed.

"We suffered only unimportant damage."

TRAIN STRIKES WOMEN

One Soon Dies, Another is Brought to Hospital, and Third Escaped Serious Injury.

Miss Esther Dickens, daughter of Mr. and Mrs. T. E. Dickens of Bristow, Va., formerly of Manassas, who was brought to the Alexandria Hospital late yesterday suffering from a number of severe cuts and with both arms broken as a result of having been run down by a Chesapeake and Ohio train near Bristow, Va., yesterday afternoon is in a serious condition although her recovery is expected.

In the accident the girl's companion, Mrs. Rosie Manuel, of Bristow, was killed and it is said that a child, a member of the Dickens family, narrowly escaped injury.

The three were walking on the Southern Railway track on their way to Manassas and stepped off one track on which there was an approaching freight to another oblivious to the approach of a northbound C. and O. passenger train No. 4

Mrs. Manuel died on the train shortly after being picked up and her body was turned over to the undertaker at Manassas.

As soon as the engineer of the Chesapeake and Ohio train saw the woman get on the track according to reports here, he at once applied his emergency brake but it was too late. Passengers in the car were shaken up as a result of the brake being applied.

Miss Dickens was picked up in an unconscious condition and brought to the Alexandria Hospital here coming here on the train that struck her. At the hospital she was treated by Dr. W. M. Smith for broken arms and a severe scalp wound and numerous bruises and contusions. Hopes are held out for her recovery.

Among the passengers on the train were several ministers en route to Alexandria to attend the annual Baltimore conference of the M. E. Church South.

HAY ARMY BILL AMENDED

House Reserves Itself On Discharge of Regulars

Washington, March 22—Although rapid progress was made in the House yesterday with the Hay Army increase bill, it was found impossible to reach a vote before adjournment The measure may be passed today, 'calendar Wednesday" having been set aside so as to permit its uninterupted consideration.

In the Senate Chairman Chamberlain, of the Military Committee, now plans to call up his army bill today. He had expected the House bill to be completed yesterday and was waiting for it, but concluded last night that time would be saved by attempting to take up the Senate measure at once

Several important amendments were made to the Hay bill yesterday. With one exception, they were approved by Chairman Hay, of the Military Committee. After defeating a proposal by Representative Kahn, ranking minority member of the committee, to permit efficient regular soldiers to be discharged into the reserve in one year on recommendation of their commanders or in two years on their own motion, the House reversed itself and put through a similar amendment by Representative Gardner, Republican, of Massachusetts, over Representative Hay's opposition. The Senate bill contains such a provision.

BISHOP DEPLORES CHANGES

Nothing Will Be left of Methodism Dr. Neely Fears

Wilmington, Del. March 22—While the external organization of Methodism remains the same, the internal organization is being so changed that if it continues much longer there will be nothing left, Bishop Thomas B. Neely, of Philadelphia on Monday told the Methodist Episcopal Preachers' Association, in an address.

The speaker said the falling-off of class meetings and lack of supervising leadership are hurting the church a great deal and that 150,000 members are lost annually through these two causes. He said pastor of churches now have "cabinets," and their authority is being taken away from them.

Another thing that is hurting the church. Bishop Neely said, are those who have taken the oath to preach the doctrines of Methodism, but preach what they please and then sneer and laugh about it. Destructive agitators who insist that there is nothing settled in churches are "tearing things up by the roots," the speaker declared.

He expressed the belief that the standard of the church was lowered when the title of "presiding elder" was changed by General Conference to "district superintendent." He said the old title was clear while the new one is not.

He does not favor the removal of the time limit of presiding elders which is six years, because such a move, he said, would make boss officers of them.

WILL MAINTAIN VICTORY

Reichstag Will it is Believed, Sustain German Chancellor.

Berlin, March 22—There is every indication today that thevictory of Chancellor von Bethmann-Holweg over Admiral von Tirpitz will be maintained when the chancellor asks for a vote of confidence by the Reichstag. The plan now is that this vote shall be taken tomorrow after a speech by the chancellor.

There is a remote possibility that the climax will be postponed, not later than Friday.

For the last few days public opinions has been divided, while behind the scenes the political combat has been waged with the utmost vigor The situation at all times has been serious.

It is clear, however, that the preponderance of opinion is with the chancellor and the emperor, and the war will be persecuted to the end under the same administrative heads with the exception, of course, that Admiral von Capelle will be at the head of the navy.

Von Tirpitz, since the beginning of the war, has tried unceasingly to induce the government to prosecute a ruthless submarine campaign against England. This the chancellor was unwilling to do because he foresaw complications with neutrals which would probably draw the United States and other neutrals into the war and would not only prolong the conflict at the expense of Germany but after the war would leave Germany without a friend or a trade connection on the face of the globe.

In this attitude the chancellor was supported by the most intelligent classes and especially by the strong business interests which were looking to Germany's commercial future as much as to the conflict in progress.

SUGAR GOING HIGHER

May Reach Ten Cents Before Summer is Over Due to Shortage in Supply.

From present indications, householders may have to pay 9 or 10 cents a pound for sugar before the summer is over. This household necessity is getting to its source and the tremendous demand for it is sending the price upward. Yesterday sugar sold in the New York retail market for 6 3-4 cents, as against 6 1-2 cents a week ago and it is predicted that the price will be 8 cents before spring is over.

All of the large countries in Europe and elsewhere are finding difficult to purchase the commodity owing to the fact that there is a shortage in the world's supply of sugar of considerably over 1,300,000 tons.

It is said that the action of the House of Representatives in killing the provision of the tariff bill providing for free sugar would not have helped the situation, as there is not enough of the product to go around and that the elimination of the tariff would not have helped this country, as foreign countries are bidding against each other in trying to corral all the available supply.

BELGIUM TO HAVE SAY

Also Gets Allies' Promise of Independence And Indemnity

London, March 22—The Entente Allies have promised Belgium she will be invited to participate in the peace negotiations.

The announcement regarding Belgium was made by Sir Edward Grey, the Minister of Foreign Affairs, who informed the House of Commons yesterday that Great Britain, France and Russia had made the declaration to Belgium that when the time came she would be invited to participate in the peace negotiations.

A guarantee was given to Belgium Sir Edward Grey said that the powers would not cease hostilities until she had been reinstated in her political and economical independence and largely indemnified "for the wrongs she had suffered."

The Entente Allies, the Foreign Secretary added, would also lend their aid to help her financial recovery.

WOULD CRUSH GERMANY

Must Not Be Allowed to Raise Her Helmet in a Peace World

London, March 22—Germany will never again "raise her helmet" in a world engaged in peaceful pursuits, President Walter Runciman, of the board of trade, declared in an interview yesterday officially outlining for the first time the allies' commercial plans after the war.

England does not contemplate a throttling that will leave the German people crushed in poverty unable to rise again, he said.

"But peaceful preparations as a means of a military end will never again be tolerated by England, France Russia, and Italy." Ruciman asserted. "Nor can we submit to most-favored nation clauses in commercial treaties being utilized to the detriment of any one of the allied countries. We object to Germany using her resources and commercial relations with us for purposes of aggression as she did in preparation for this war."

Runciman's statement is of the highest importance in view of the forthcoming allied commerce conference in Paris which he will attend. American traders and manufacturers he indicated must prepare for a rigid though friendly, British commerical competition in neutral markets after the war.

Here's an Alexandria fact.
You can test it.

Mrs. L. C. Nalls, 540 S. Patrick St., Alexandria, says: "I could hardly get about the house, as my back felt so weak and sore. When I got down, it was almost impossible for me to straighten up. I couldn't rest after I went to bed, as my back ached so and in the morning it was all I could do to dress myself. I felt weak and tired all over. My kidneys were very irregular in action and my head ached. The first box of Doan's Kidney Pills, procured at C. W. Summers' Drug Store, did me so much good that I got another box. After I had finished that, my back stopped aching and my kidneys haven't caused me any trouble since."

THE GREAT KIDNEY MEDICINE FULFILLS ITS MISSION

I was afflicted with Bladder trouble. I suffered such great pain that the doctor had to take my urine. After the doctor had treated me for two weeks, I did not get any better. Remembering that a few doses of Dr. Kilmer's Swamp-Root completely relieved my Mother-in-law, after all the doctors who were called on her case had failed to do her any good, I asked my husband to get me a bottle of Swamp-Root, which he did, and I took it and threw the doctors, preparations away, because immediately after I started taking Dr. Kilmer's Swamp-Root I was greatly relieved. My husband was so pleased he said I should take one dozen bottles of Swamp-Root, but by the time I had aken seven bottles I was completely restored to health. That was six years ago and I have not taken any medicine since. My weight is 195 pounds, have three children, do my own work in a house of twelve rooms, and heep boarders. Very truly yours

MRS. ANNIE BAUGHMAN,

BALTIMORE CONFERENCE.

Fifty years ago last month the Baltimore Conference of the Methodist Episcopal Church, South, met in Alexandria. It has held its sessions in this city several times since and the members of that body convened again today in the Washington Street Church. The members have received, as they always have, the most cordial welcome to old Alexandria.

The meeting of the conference brings to mind reminiscences of the gathering of the body in our city the year following the close of the war. The night the appointments were made was exceedingly cold, the mercury being several degrees below the freezing point, while a cutting northwest wind was blowing. Shortly after the Bishop had made his selections what was known as New Theatre, on the site of the present Sarepta Hall, on King street, was found to be burning. It was a huge wooden structure, erected in 1862, after the original Sarepta Hall of ante bellum days had been destroyed by fire, as a stationary circus by a man named Nixon. It was subsequently converted into a theatre, by a man named Joseph Parker. While the fire created the greatest alarm, the fire engines (including the old Hydraulion) brought to Alexandria by the government, early in the war managed to confine the blaze and only the wooden structure was burned.

Half a century ago relations between the two great Methodist bodies of the country were not as cordial as now. The slavery question had previously caused a split among the disciples of John Wesley, one body sympathizing with the north during the war and the other with the southern section of the country. At the conference in 1866 a spirited sermon was delivered in which the speaker alluded indirectly to the part taken previous to the war by Methodist preachers—meaning the agitation which preceded the outbreak of hostilities. Trinity Church was then known as the Methodist Episcopal Church, and most of the prominent members were union men. It was determined to take up the gauntlet, and an indignation meeting was held later in the "old side" church, during which some bitter remarks were make. The Presbyterians it will be remembered, split upon a political rock.

Time has blunted the edge of war reminiscences to such an extent that the present generation have not the patience to listen to issues which at one time divided the country. All have long since realized the fact that they are brethren with one common object in view—that of being faithful witnesses for the truth. While two separate organizations are still maintained, there are exchanges of pulpits and the best of feeling prevails, as should always have been the case.

The above applies equally to many not Methodists. Members of all ecclesiastical denominations rejoice to be able to take a part in entertaining the body of men and women now in our midst, who compose such a representative branch of the church militant.

VOTING BY MAIL.

Voting by registered mail, a device already adopted by a large number of American commonwealths, has received the approval of Governor Stuart, who affixed his signature to the Hobson bill providing for the introduction of this practice in Virginia. The act provides for the most radical amendment of the electorial system that has been authorized by the General Assembly since the adoption of the present constitution.

Under this law a traveling man absent from his precinct on election day will send his vote to the registrar of the precinct in a sealed envelope, and in this manner retain the suffrage of which he is deprived under the present law. The bill requires the absentee to notify the registrar of his precinct of his intention to vote not less than thirty nor more than sixty days prior to the election in which he desires to participate.

The registrar, receiving such notification, is required to mail the absentee a blank ballot in a sealed envelope marked "ballot within" which the voter is required to open and mark in the presence of the postmaster or his assistant. The envelope is then to be sealed and witnessed by the postmaster or his assistant and forwarded to the registrar, who is required to count the vote as if it had been deposited at the voting booth in person.

CATCH A HARE BEFORE YOU COOK IT.

The United States is making preparations for the disposition of Villa while he is still hiding in mountains in Mexico with his whereabouts unknown to his would-be captors. The allies are preparing to serve up the Kaiser, who is also still at large. It is now contemplated to wage an economic warfare on Germany after Prussian militarism shall have been eliminated from the earth.

Germany can never lead the world in peaceful pursuits, so President Runciman of the London Board of Trade, said this week in an interview. Continuing he declared the war will throttle Germany, leaving her people, in a poverty not contemplated. Peaceful preparations to a military end, will never be tolerated, he said. He believes Germany plans an economic war after the conflict with the Allies, who know how to meet such, he said.

AN OBJECT LESSON

The Petersburg Daily Progress says:

A disgraceful scene was witnessed on Bank street yesterday, when Police Officer Thomas Evans arrested a white woman for drunkenness. The officer and his intoxicated prisoner were followed to the police station by a large crowd.

Similar scenes at times occur in Alexandria. Like a snow ball, the crowd gathers as the officer pulls a drunken and resisting woman along, and by the time the station house is reached the street in front of the building is packed with a crowd, few of whom know why they have gathered. On the way through the streets many in the crowd are inclined to take issue with the policeman they supposing he is wrong on general principles no matter how disorderly his prisoner may have been. All such scenes could be avoided by the use of a patrol wagon. The officer making the arrest could telephone for the conveyance and all excitement could be avoided.

VIRGINIA NEWS

E. S. Robinson wins out in the Police Court controversy with T. J. Christian. Mr. Robinson is the duly elected and qualified civil and poice justice of the city of Newport News, and has been unlawfully deprived of the office since January 1, 1916. Mr. Christian will vacate at once and Mr. Robinson will enter upon his duties. These three sentences tersely tell the story of the end of a legal fight.

One thousand persons attended the funeral of Jack Allen on Monday in Carroll county. A simple service at the home of the man, who for years was regarded as the head of the Allen clan, was all the ceremony which marked the funeral. There were no flowers and the body was buried on the home place, not far from the house. Jack Allen was buried beside his son, W. P. Allen, whose grave, made in 1908 ,was the only one in the plot until the funeral yesterday.

To be forcibly captured in the wilds of Africa, and to be brought to America somewhat similar to the manner in which the first Africans were captured, though not to be sold as a slave, was the experience of Otto Bingo, who sent a bullet through his heart in Lynchburg, yesterday, to put an end to a yearning desire to return to his people on the east coast of Africa. The young negro was brought to Lynchburg about six years ago by some kindly-disposed person and was placed in the Virginia Theological Seminary and College at Lynchburg, where, for several years he labored to demonstrate to his benefactors that he did not possess the power of learning and some two or three years ago he quit the school and went to work as a laborer.

RATS KILL MAN

Corpse Half Eaten by Rodents Found Where it Had Lain for Five Weeks

Philadelphia March 22—Surrounded by rats and chewed beyond recognition the body of Joseph C. Cooke, 65 years old, once a wealthy horseman and yachtman, but recently engaged in tool dressing, was found in an untenanted dwelling at No. 260 South Twenty-fourth street. The unfortunate man is believed to have succumbed to an attack by the rodents while sleeping in the house about five weeks ago. The body and the room in which it was found indicated that Cooke had battled hard for his life, but that apparently benumbed by th ecold and in a starving condition he was physically unfit to protect himself.

Cooke was regarded as a man of mystery in the neighborhood in which for months he rented the south twenty fourth street house, where he lived alone, but five months ago, the neighbors said he was ejected because of his inability to pay the rent, and although he moved his tool shop to a shack at Twenty-fifth street and Washington avenue, he continued sleeping in the house, but his presence there each night was known only to a few.

SIXTH STREET LADY SAYS CONSTIPATION GONE APPETITE GOOD

Steamboat Man's Wife Loud in Praise of Dreco For What it Did For Her

The principal reason that the fame of Dreco has spread like wild fire in Washington is because everyone who has tested it, or has seen what it would do, has a good word for it and never misses a chance to speak of it. For instance, the signed statement recently received of Mrs. Daisy Jones of 429 Sixth street Northwest, Mrs. Jones' husband is a steamboat Pilot on the Potomac River and has been for a number of years and is widely known. She says, "I have received splendid results from your medicine Dreco in the treatment of a long standing case of constipation, liver and kidney troubles. I suffered awful pains in my back and limbs, was very nervous and at times had splitting headaches. My tongue was coated breath foul ,and bad taste in my mouth and my stomach would fill up with gas and my food seemed to sour. I am now on my second bottle of Dreco and the constipation is entirely relieved, pains all gone from my back and limbs, liver is acting well which of course eliminated the bad breath and coated tongue. My appetite is good and my food digests without forming gas anymore. I am feeling better generally, and gladly recommend Dreco to all persons suffering as I was." We can refer anyone to dozens of people right here in Washington who have used Dreco and gotten equally as good results as Mrs. Jones did. Dreco the great root and herb medicine is on sale at Allen's Drug Store Alexandria. Price $1.00 a bottle. Adv.

Mrs. R. H. Dawson, 409 N. West St., Alexandria, says: "My back was so stiff and lame that I couldn't do anything without great suffering. When I got down, it was almost impossible for me to straighten up. Sharp twinges often caught me in the small of my back and hips and I couldn't move until they eased up. In the morning, my back ached so badly that I could hardly get out of bed. My kidneys were irregular in action and the kidney secretions caused me much misery. I felt all out of sorts and had no ambition to do anything. A neighbor advised me to take Doan's Kidney Pills and I got a box at C. W. Summers' Drug Store. I never took another medicine that acted so quickly. One box put my kidneys in good working order and made my back strong."

RECALLS POLITICAL MURDER

Parole Urged for Youtsey Serving for Gov. Goebel's Murder

Frankfort, Ky., March 22—Daniel B. O'Sullivan chairman of the State Prison Commission, yesterday announced he would present for parole to the commission at its next meeting here on April 4, the name of Henry E. Youtsey, convicted 16 years ago of the murder of Governor William Goebel and sentenced to life imprisonment.

Mr. O'Sullican's announcement recites that Youtsey is entitled to parole "by length of service, by continuous value work for the state and by the provisions of the law and every dicate of fairness and humanity." He points out that those "who sought to profit by his act are all free the beneficiaries of pardons, while Youtsey alone is tortured on the rock of life imprisonment."

The law under which Youtsey was sentenced provides for parole after serving five years.

Governor Goebel was shot and killed in Frankfort, January 30, 1900, by a concealed assassin. A period of political turmoil preceded his murder.

10,000 HOMELESS BY FIRE

Flames Sweep Thirty Blocks, Causing Damage Between Two and Three Millions

Paris, Tex., March 22—Two-thirds of the residential and business districts of Paris were wiped out by flames which today had left a funnel-shaped wake of destruction from two to ten blocks wide across the city.

The loss is estimated at from $2,000,000 to $3,000,000. Work of relieving the sufferings of the homeless and destitute started today.

Fully one-half of the population of 20,000 is shelterless. Urgent appeals for groceries and money are going out to neighboring cities.

So far as known there were no casualties.

Starting in the warehouse of the Lang Transportation Company, the fire, fanned by a high wind quickly spread to the Paris cotton compress thence making a clean sweep of the Southern portion of the city, destroying more than thirty blocks of residences and business buildings in an area a mile square.

Soon after the fire started the plant of the Texas Power and Light Company, supplying power for the water works system burned putting the water service out of commission. Destruction of the light plant also crippled the telephone exchanges. The central fire station was burned, with most of its equipment.

Today there is not a dry goods store, drug store wholesale grocery left in Paris. Only a few retail groceries remain. The only restaurants are two railroad eating houses.

ZEPPELINS TO DRAG BOMBS

New Device Expected to Be Used When Germans Dash to Sea

Paris, March 22—Equipped with a new horribly destructive device, a great fleet of Zeppelins will accompany the German fleet when it dashes out to meet the British, according to stories told by the Swiss boatmen on lake Constance.

They obtained their information, they say, from residents of Friedrichshafen, on the lake, where the great Zeppelin works are located. Furthermore, they have watched the German sky cruisers experiment with the new missile, designed to destroy England's great dreadnoughts.

Suspended from the gondola of the Zeppelin is a wire more than two miles long. At the end of the wire dangles a cluster of bombs, filled with high explosive.

Each Zeppelin accompanying the grand fleet will be fitted out to fish for enemy warship. Scouting ahead of the fleet at a great height, the Zeppelin the boatmen say, will drop its explosive bait to the water, drag it at a high rate of speed in the direction of the approaching Britishers. When the bomb cluster strikes the side of an enemy warship, the Zeppelin commander, two miles above the water, will touch an electric button, setting off the charge.

The bomb-dragging feat has been practiced several times in the past fortnight on Lake Constance, according to reports reaching Lucerne, by a new Zeppelin that apparently maintained a speed of 100 miles an hour.

German military representatives in Switzerland made haste to deny the rumor that the Germans were planning to drop poison gas bombs on French and English cities.

STORM IN WEST

Three Killed and Number Injured, Result of a Terrific Gale

Chicago, March 22—Northeast gales bearing rain, sleet and snow swept over eastern Indiana, northern Illinois and southern Wisconsin today.

The storm cost several lives, caused many injuries and heavy property damage. In Logansport buildings were uprooted, the flying wreckage causing the only fatality reported.

Several Illinois cities, among them Kankakee and Beaverville, suffered severely, while in Chicago train service was crippled windows were broken and trees uprooted.

GERARD TO STAY IN BERLIN.

Cancels Arrangements for His Vacation—Offers no Explanation For Decision.

Berlin, March 22. —Ambassador Gerard announced today that he has canceled the arrangements he made for a vacation, and will not return to America this summer.

The ambassador himself offered no explanation for his change in plans. His friends, however, said he feels that matters of importance might come up that could not be properly handled by a subordinate. Though he is in need of a rest that will permit him to recover from the injuries he suffered in a fall recently, he feels that it is his duty to remain in Berlin.

Until a few weeks ago, it understood Gerard planned to return to America to participate in the summer campaign. He expected to attend the Democratic national convention at St. Louis and urge that the party platform include tariff planks to protect American industries from foreign aggression after the war. It was even hinted that he might remain in the United States and take the stump for President Wilson.

Gerard it is learned has also informed friends in New York that under no circumstances would he accept the Democratic nomination for governor of New York State.

CASE AFTER CASE

Plenty More Like This in Alexandria.

Scores of Alexandria people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can be had than such endorsement?

W. Dawson, blacksmith, 409 N. West St., Alexandria, says: "My back was so weak and sore that I could hardly pick anything off the floor. I couldn't straighten up without taking hold of something and it nearly killed me to get up in the morning. Sharp shooting pains caught me in the small of my back and I thought I would have to give up. Finally I started using Doan's Kidney Pills, procured from C. W. Sumer.' Drug Store, and the first few doses convinced me that they were the medicine I needed. After finishing one box, my back felt so strong that I could work all day and not feel any the worse for it. Now, I take Doan's Kidney Pills as soon as my kidneys get a little bit out of order, for I know there isn't anything their equal.

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Dawson had. Foster Milburn Co. Props., Buffalo, N. Y.
